Label update

Dear Valuable Customer,

We would like to inform that labels of the following products will be updated since April 2023:

Product	Catalogue number
Myt-3D	MYT301
	MYT302
	MYT304N
	MYT306N
Myt-3D VET	MYT303-VET

Templates of updated labels are presented in Attachment 1.

Please note that the change is not affecting the product by itself. Catalogue numbers, names, volumes and storage temperature remain the same. And also the mode of action and the procedure for using control blood will not change.

In case of doubts please contact your Area Sales Manager and Customer Service Representative.

Yours sincerely,

Quality Assurance Coordinator
