Summary	Classification and labelling change.		
Affected products	Cat no	Product name	
	MYT502 MYT506N	MYT-5D	
Change category	<input type="checkbox"/> raw materials <input type="checkbox"/> quality control <input type="checkbox"/> packages <input checked="" type="checkbox"/> informations provided with the product <input type="checkbox"/> manufacturing <input type="checkbox"/> final product <input type="checkbox"/> other		
Change description	The classification of control blood has been changed. The current classification below:		
	 <p>Warning H315 Causes skin irritation. H319 Causes serious eye irritation. P280 Wear protective gloves, protective clothing, eye protection or face protection. P302 + P352 IF ON SKIN: Wash with plenty of soap and water. P305 + P351 + P338 IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.</p>		
Reason for change	Fulfilling the requirements of the Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on classification, labelling and packaging of substances and mixtures amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006 taking into account Adaptation to Technical Progress (ATP) to the CLP Regulation.		
Implementation	May 2023		
Additional information	Control blood with the new labelling will be available for sale beginning from May 2023. Controls with the old labelling may also be available – while stocks last. Once you receive the notification, follow the new classification of the control blood. Use personal protective equipment when working. Updated material safety data sheet (MSDS) is available at: https://cormaydiagnostics.com/
