| Change description | <p>The unified names of kit components have been implemented into reagents of Liquick Cor line.</p> <p>Since implementation of this change, individual components of the kits will be named in a uniform manner: as a 1-REAGENT, 2-REAGENT instead of parameter name. The changes are presented in Attachment 2.</p> | | |
| Reason for change | Compliance with legal requirements for technical documentation. | | |
| Implementation | August 2023 | | |

| | |
|------------------------|--|
| Additional information | The above change does not affect to intended use and performance characteristics of reagents. During a transitional period kits with old naming of reagents may be available for sale (while stocks last) as well as kits with unified names. |
| Attachments | Attachment 1 - List of changes. |
