| Notification number | PZ_2310_02 | Date | 30.10.2023 |
| Change number | 099 | | |
| Subject of the change | Unification of kit component nomenclature in the Liquick Cor reagent line | | |
| Affected products | Cat no | Product name | |
| | See: Attachment 1 | | |
| Change category | <input type="checkbox"/> raw materials <input type="checkbox"/> quality control <input type="checkbox"/> packages <input checked="" type="checkbox"/> informations provided with the product <input type="checkbox"/> manufacturing <input type="checkbox"/> final product <input type="checkbox"/> other | | |
| Change description | <p>The unified names of kit components have been implemented into reagents of Liquick Cor line.</p> <p>Since implementation of this change, individual components of the kits will be named in a uniform manner: as a 1-REAGENT, 2-REAGENT instead of parameter name. The changes are presented in Attachment 2.</p> | | |
| Reason for change | Compliance with legal requirements for technical documentation. | | |
| Implementation | November 2023 | | |
| Additional information | <p>The above change does not affect to intended use and performance characteristics of reagents.</p> <p>During a transitional period kits with old naming of reagents may be available for sale (while stocks last) as well as kits with unified names.</p> | | |
| Attachments | <p>Attachment 1 - List of kit affected by the change.</p> <p>Attachment 2 - List of changes.</p> | | |
